INFO SPONGE. I love learning new things. It's why I like podcasts, and it's why I like software engineering.

SKEPTIC. I always try to follow the evidence and remember how much I don't know.

PERSONALITY TRAITS

PRAGMATISM. Great ideas are useless if they can't deliver results.

IDEALS

FAMILY. My marriage comes first in my life, always.

BONDS

CHATTERBOX. Sometimes, when I get nervous or excited, I tend to talk a lot and take over the conversation. I'm working on it.

CATHOLIC SCHOOL. You are proficient in Religion, even if you are not religious.

AEROSPACE ENGINEER. You have advantage on Arcana checks related to aircraft and spacecraft.

PODCAST ADDICT. You can add half your proficiency bonus to any Intelligence check with which you are not proficient.

SOFTWARE ENGINEER. You gain proficiency in a wide array of tools for software development, testing, and process management.
